Components of strategy. Professor Richard P. Rumelt described strategy as a type of problem solving in 2011. He wrote that good strategy has an underlying structure he called a kernel. The kernel has three parts: 1) A diagnosis that defines or explains the nature of the challenge; 2) A guiding policy for dealing with the challenge; and 3) Coherent actions designed to carry out the guiding policy.

The article is organized as follows. In the next section we define and discuss the notion of business models and present a tool to represent them, while the following section considers the stage two 'choice' in our framework, presenting and discussing the notion of tactics in relation to that of business model. The following section then moves back to examine the first - strategy ...

From Strategy to Business Models and onto Tactics ...

It seems that no time is convenient to pause the action and review strategy. When you're in the thick of the battle to produce a product on time, under budget, with superior quality, a strategic review may seem like a waste of time or a misuse of resources. That said, failure to review strategy ...
