A baseball is thrown from the roof of 21.7 m-tall building with an initial velocity of magnitude 10.0 m/s and directed at an angle of 55.5 above the horizontal. (part A) part B : the angle of the initial velocity below the horizontal If the effects of air resistance are included, will part (A) or (B) give the higher speed?

### Challenging physics questions? | Yahoo Answers

Challenge Questions. As part of my efforts to differentiate teaching in the classroom, I started a series of weekly physics challenge questions for our physics classes. The questions served primarily as a way to challenge the more advanced students.

### Challenge Questions - Boston University

Some of the major unsolved problems in physics are theoretical, meaning that existing theories seem incapable of explaining a certain observed phenomenon or experimental result. The others are experimental, meaning that there is a difficulty in creating an experiment to test a proposed theory or investigate a phenomenon in greater detail.. There are still some deficiencies in the Standard ...

### List of unsolved problems in physics - Wikipedia

Top Ten Hardest Physics Topics. 09ShamsulBahriel Physics is number one my best things to learn. But, there's something that you may fed up when you learn them. The Top Ten. 1 Quantum Mechanics. The field of study is super intragate and difficult to master,but it's also a excellent field for people willing to tackle a challenge. Ok, here's a tip ...

### Top Ten Hardest Physics Topics - TheTopTens®

Rhys Baker teaches science at Arthur Mellows Village College in Peterborough, UK. Science is all about asking questions, and some of the most interesting and thought-provoking questions come from the imaginations of children. They can be staring out of a window and then drop such bombshells as: "How ...

### Top 12 Tricky Science Questions Answered | Owlcation

Half of them are physics (the odd weeks), and half are math (the even weeks). In most cases

they're quite difficult. After all, I call them "Problems of the Week," and not "Problems of the Hour"! Many of the physics problems can be found scattered throughout the textbook (the red book on this page) for the Physics 16 course here at Harvard.

### **Problem of the Week - Harvard University Department of Physics**

The 11 Greatest Unanswered Questions of Physics; FROM THE FEBRUARY 2002 ISSUE The 11 Greatest Unanswered Questions of Physics Resolution of these profound questions could unlock the secrets of existence and deliver a new age of science within several decades. ... This cosmic acceleration is difficult to explain unless a pervasive repulsive ...

### **The 11 Greatest Unanswered Questions of Physics ...**

A famous Harvard physics professor (Ed Purcell maybe?) said that undergraduate physics students come in expecting that the hardest thing they'll have to learn will be either relativity or quantum mechanics. Actually, those are the most novel topics...
