Let's talk about note-taking. Every day, in classrooms all over the world, students are taking notes. I have my own half-baked ideas about what makes one approach better than another, and I'm sure you do too. But if we're going to call ourselves professionals, we need to know what the research ...

Note-taking: A Research Roundup | Cult of Pedagogy

Note-taking is one of those skills that rarely gets taught. Teachers and professors assume either that taking good notes comes naturally or that someone else must have already taught students how to take notes. Then we sit around and complain that our students don't know how to take notes. I figure it's about time to

vol 6 pg 1. A Philosophy of Education Book 1. Introduction. These are anxious days for all who are engaged in education. We rejoiced in the fortitude, valour and devotion shown by our men in the War and recognize that these things are due to the Schools as well as to the fact that England still breeds "very valiant creatures."
