A systematic evaluation of the oral hard and soft tissues can provide clinicians with much information regarding a patient's health. Although the primary objective of an oral examination is to distinguish between health and disease, a comprehensive oral examination—in conjunction with a thorough medical and dental history—can also provide valuable insight into a patient's overall health ...

Clues in the Oral Cavity: Are You Missing the Diagnosis?

Syrian hamsters are golden-haired rodents often kept as house pets. Cold and darkness can cause the animals to hibernate for three to four days at a time, interspersed with short periods of activity.

Hibernating hamsters could provide new clues to Alzheimer ...

Progeria is an extremely rare autosomal dominant genetic disorder in which symptoms resembling aspects of aging are manifested at a very early age. Progeria is one of several progeroid syndromes. Those born with progeria typically live to their mid-teens to early twenties. It is a genetic condition that occurs as a new mutation, and is rarely inherited, as carriers usually do not live to ...

In DNA Interactive: Applications, investigate techniques of forensic analysis, how DNA science is applied to healthcare, & into mysteries of our human origins.

Use of DNA Analysis in Identification, Health, & Human Origins

The positron or antielectron is the antiparticle or the antimatter counterpart of the electron. The positron has an electric charge of +1 e, a spin of 1/2 (same as electron), and has the same mass as an electron. When a positron collides with an electron, annihilation occurs. If this collision occurs at low energies, it results in the production of two or more gamma ray photons.

#35 Farmington River, Farmington, Connecticut. On May 4, 2014, I flew from Minneapolis to Hartford, Connecticut, for a week of school author visits in Newington. The teachers selected a hotel for me that turned out to be steps from the Farmington River. On my arrival day I swooned from the bridge so I immediately looked up the nearest outfitter to see if I could get ON this lovely stretch of water.
