Interpersonal communication is an exchange of information between two or more people. It is also an area of study and research that seeks to understand how humans use verbal and nonverbal cues to accomplish a number of personal and relational goals. Generally, interpersonal communication research has contributed to at least six distinct categories of inquiry: 1) how humans adjust and adapt ...

Though similar, this trope does not include things like Selective Obliviousness, You're Just Jealous, or Sarcastic Confession, as those are failures to listen rather than speak (though listening is also a vital part of good communication).. NOTE: though the trope name includes "kills", no death has to happen.It's a pun: "poor communication skills" and "poor communication kills" — death does ...
