Flight Records Of The Northern

Migratory birds and birds of prey can reach substantial heights while flying. This list gives the highest recorded flights for various species (limited to observations of 4,500 metres/15,000 feet and above).

List of birds by flight heights - Wikipedia

Shortest distance. The Loganair Westray to Papa Westray route and its return flight make up the shortest flight distance for any scheduled air carrier service. The route is 2.8 km (1.7 miles), and travel time, including taxi, is usually less than two minutes. The route is served by Loganair airlines' Britten-Norman Islander aircraft. This record was established when service began in 1967, and ...
