Legal Considerations: According to California Family Code §7613, " The donor of semen provided to a licensed physician and surgeon or to a licensed sperm bank for use in assisted reproduction by a woman other than the donor's spouse is treated in law as if he were not the natural parent of a child thereby conceived, unless otherwise agreed to in a writing signed by the donor and the woman ...

Questions and Answers for Recipients | The Sperm Bank of ...

No. A raw sample must be washed first before it can be used for an IUI. It is not safe to use a regular, unwashed sample for IUI. If you have purchased a regular, unwashed sample and are planning to have an IUI, your medical professional will need to refer you to a qualified technician who can thaw and wash the sample for you prior to the insemination.
