Please contact your sales representative or click here to discuss alternative solutions that best fit your needs.. The McGraw-Hill My Math Self-Check Quizzes are being updated and will be available in early 2018.

Glencoe/McGraw-Hill

This fall 9th-grade students in virtually all California high schools are taking math classes aligned with the Common Core standards. But for many of them there is an additional twist: they are embarking on a sequence of courses that represents a significant departure from how high school math has traditionally been taught in California and the nation.

California districts moving to new 'integrated' high ...

For anyone considering switching to Saxon Math from another math curriculum, we recommend printing a free copy of a Saxon Math placement test. There are five different tests to choose from.

Calculus (from Latin calculus, literally 'small pebble', used for counting and calculations, as on an abacus) is the mathematical study of continuous change, in the same way that geometry is the study of shape and algebra is the study of generalizations of arithmetic operations.. It has two major branches, differential calculus (concerning instantaneous rates of change and slopes of curves ...
