Carpenter's Pencil Carpentry Pencil vs Regular Pencil. A carpenter's pencil (also called a 'carpentry pencil' and 'carpenter pencil') is a pencil made for carpentry work. There are some important differences between regular pencils and carpentry pencils. The shape of a typical pencil is generally round or hexagonal, whereas a carpenter's pencil is either elliptical or rectangular.

Rated 1 out of 5 by Irritatedman from for what its worth this was my first set of water color pencils and i was excited to try them out. I was more frustrated and irritated than anything. the whole pack i got "busted" for lack of better word. I had to sharpen each and every one of those pencils!! and just when I think I got to a point or even a stub the color stem or lead, etc would fall right ...
