Huizinga Waning Of The Middle

The term "Late Middle Ages" refers to one of the three periods of the Middle Ages, along with the Early Middle Ages and the High Middle Ages. Leonardo Bruni was the first historian to use tripartite periodization in his *History of the Florentine People* (1442). Flavio Biondo used a similar framework in *Decades of History from the Deterioration of the Roman Empire* (1439-1453).
