Liquid Retina Display. The Liquid Retina display features industry-leading color accuracy for true-to-life color. The edge-to-edge display follows the curves of the design, down to the elegantly rounded corners. And with the lowest reflectivity in the industry, your apps will look incredible wherever users take their iPad Pro.

Inspired by the David Solomons story by the same name, My Brother is a Superhero is a great new companion app to go along with the Nosy Crow release of the book. The story goes like this: Luke is a comic-mad eleven-year-old who shares a treehouse with his geeky older brother, Zach. Luke's only mistake is to need a wee right at the wrong moment.

The new 9.7-inch iPad provides plenty of power, long battery life and Apple Pencil support, all for a fairly affordable price, even if this slate is not a Chromebook killer.

Apple iPad 9.7-inch (2018) - Full Review and Benchmarks

Note: I've been using a review unit of the 2018 iPad (6th Generation) for about a week. It's substantially similar to the 2017 iPad (5th Generation), and I've been using and testing iPads since they first launched in 2010, so I'm comfortable getting this review up quickly for those deciding whether or not they want to buy one quickly.

I've always wanted a tablet I could use for illustration. I bought the second generation iPad, hoping it would do the trick. I picked up all the art apps, and a range of styluses - from the Adonit Jot Touch Pro (my thoughts here), to 53's Pencil - with 53's Paper.. Paper was by far the best app for the iPad, because it threw precision out the window, and accepted what the iPad is ...
