

## *My New Baby*

### **My New Baby**

My New Baby goes through the many thoughts that a young sibling may have regarding a new baby in the house. Some examples are, "Is the baby hungry?", "This baby smells nice," "Is the baby clean yet?". The text is very simple, and easy for young children to relate to . Most of the book is about the pictures.

### **My New Baby: Rachel Fuller: 9781846432767: Amazon.com: Books**

This is a great new baby book for this age group. My son chooses this book regularly, and wants us to read it over and over again. The simple text and bright illustrations are a great introduction to the idea that the family structure will be changing. I love that this book shows several illustrations where the new baby is at the breast.

### **My New Baby (New Baby Series) Board book - amazon.com**

I have purchased a couple of books for my toddler to help prepare him for his new sibling. This book is our favourite. It has big, bright illustrations, a very simple storyline, and every page has something that my son can relate to. I really like that the baby is gender neutral, as we don't know what we are having yet.
