Critical to the success of any organization is a characteristic called dynamism. Exactly the opposite of anhedonia, or listlessness, dynamism is identified with intensity, enthusiasm, and motivation, qualities that enable people in organizations to get things done.

Organizational Dynamism: Unleashing Power in ... - Amazon.es

No single type of work system exists because the concept of the work system is a shell that can be filled with an organization's goals and needs. Examples of work systems include an information system, a supply chain, a service for employees or customers and the system a buyer enters when ordering a product from the organization.

What Is a Work System in an Organization? | Bizfluent
