Read Supp A

Supplement Facts: The FDA regulates both conventional foods and dietary supplements, and each category gets a separate label — “Nutrition Facts” for the former and “Supplement Facts” for the latter. But the difference isn’t always intuitive: Nutrition bars sometimes appear in both categories, and the same goes for some sports supplements like electrolytes, and even herbal tea.

Supplement Facts 101: How to Read a Supplement Label ...

Really good information. So few people read labels but it's especially important to do so when purchasing supplements. That's because aside from what you think is in the supplement, there may be additional ingredients that could be contraindicated if you are taking certain medications, for example.

How to Read a Supplement Label | HealthyWomen

Dietary supplement labels contain valuable information about supplement products. It is important to always read the label and follow the directions. See CRN's "Label Wise" microsite for an interactive "How to Read" guide and to learn more about the Supplement Facts label.
