Roman numerals are a system of numerical notations used by the Romans. They are an additive (and subtractive) system in which letters are used to denote certain "base" numbers, and arbitrary numbers are then denoted using combinations of symbols. Unfortunately, little is known about the origin of the Roman numeral system (Cajori 1993, p. 30).

For many years, long after the Serenity Prayer became attached to the very fabric of the Fellowship's life and thought, its exact origin, its actual author, have played a tantalizing game of hide and seek with researchers, both in and out of A.A.

Serenity Prayer at AA History & Trivia

Hypnos was the ancient Greek god or personified spirit (daimon) of sleep. He dwelt in Erebus, the land of eternal darkness beyond the gates of the rising sun, and rose into the sky each night in the train of his mother Nyx (Night). Hypnos was depicted as a young man with wings on his shoulders or brow. His attributes included either a horn of sleep-inducing opium, a poppy-stem, a branch ...

Fixed Roman Shade ~ I have been pondering window treatments for CJ's sensory playroom before we even had the foam flooring installed. Since our little guy deals with light sensitivity issues we put up some blackout shades early on – and since they have done their job so well – the actual treatments, of course, were long forgotten about and moved to the back burner.

How to Make a No Sew Fixed Roman Shade with Valance ...

4. To make the floor of the temple, we'll need some cardboard or foam core board.I'm using foam core board because it's really smooth and you won't get that corrugated pattern. If you use regular cardboard, you might glue a piece of cereal box on top of it to make it smooth.
