### **Schubert S Military March March**

A march, as a musical genre, is a piece of music with a strong regular rhythm which in origin was expressly written for marching to and most frequently performed by a military band. In mood, marches range from the moving death march in Wagner's *Götterdämmerung* to the brisk military marches of John Philip Sousa and the martial hymns of the late 19th century.

Abstract. The notion of paying college football players has been an ongoing debate since the early 1900's. With current television revenue resulting from NCAA football bowl games and March Madness in basketball, there is now a clamoring for compensating both football and basketball players beyond that of an athletic scholarship.
