

Sociology Since Midcentury

Sociology Since Midcentury

Jessie Shirley Bernard (born Jessie Sarah Ravitch, June 8, 1903, Minneapolis, Minnesota – October 6, 1996, Washington, D.C.) was a sociologist and noted feminist scholar. She was a persistent forerunner of feminist thought in American sociology and her life's work is characterized as extraordinarily productive spanning several intellectual and political eras.

The history of technology is the history of the invention of tools and techniques and is one of the categories of the history of humanity. Technology can refer to methods ranging from as simple as stone tools to the complex genetic engineering and information technology that has emerged since the 1980s. The term technology comes from the Greek word *techne*, meaning art and craft, and the word ...

Modern American candy (Post Civil War--1920s). The Industrial Revolution made possible many new candies. Advances in food technology, scientific knowledge, and cooking apparatus made possible items such as jelly beans and chocolate. Most 19th century American cookbooks do not include recipes for making chocolate candy because it was primarily made by professional confectioners.

This point is reiterated by Gordon Marshall and Adam Swift in a paper called 'Merit and Mobility: A reply to Peter Saunders', *Sociology*, vol. 30, 1996: "It is particularly apt to ask whether an inherited characteristic—genetically-determined intelligence—is an appropriate basis for reward at all. A crucial issue here would seem to be the distinction between those attributes for which ...
