Story Maps The Films Of

Toy Story is a computer animated film series and Disney media franchise that began with the 1995 film of the same name, produced by Pixar Animation Studios and released by Walt Disney Pictures. The franchise is based on the anthropomorphic concept that all toys, unknown to humans, are secretly alive, and the films focus on a diverse group of toys that feature a classic cowboy named Sheriff ...

The New York video "animates the development of this city's street grid and infrastructure systems," writes its creator Myles Zhang at Here Grows New York City, "using geo-referenced road network data, historic maps, and geological surveys" to give us "cartographic snapshots" of every 20-30 years. Another project, the London Evolution Animation, uses similar techniques.
