### **BIOLOGY - cisce.org**

The Biology Project, an interactive online resource for learning biology developed at The University of Arizona. The Biology Project is fun, richly illustrated, and tested on 1000s of students. It has been designed for biology students at the college and high school level, but is useful for medical students, physicians, science writers, and all types of interested people.

### **The Biology Project**

AP's high school Biology course is a rigorous, college-level class that provides an opportunity to gain the skills and experience colleges recognize.
