

Successful Private Practice In Neuropsychology

Successful Private Practice In Neuropsychology

The Credit Valley Neuropsychology Group is a group of 3 dynamic and professional Psychologists, each with over 10 years of clinical practice in the field of Clinical Neuropsychology

Credit Valley Neuropsychology Group

Neuropsychology is the study brain systems and functions and how they relate to human behavior. It can be thought of as the combination of two disciplines: on one side there's neurology, which looks at the physical aspect of the human brain and central nervous system, and on the other side is psychology, which focuses more on human behavior and thought processes.
