### **Teaching Students With Autism**

I am currently teaching a practicum where my students (who are actually teachers getting their master's degree in special education) are teaching students with special needs. Some of these teachers are encountering students with autism for the first time and have felt some anxiety about this so they asked for some ideas and strategies to help them in the classroom.

2. Aspergers students can "blurt out" their thoughts as statements of fact, resulting in an appearance of insensitivity and lack of tact. However, these kids typically do not understand that some thoughts and ideas can - and should - be represented internally, and thus should not be spoken out loud.
