Wow. This book totally rocks. It arrived on a day when I was in deep confusion and sadness about my age—62. Everything about it, from my invisibility to my neck.

This Chair Rocks - pushing back against ageism—which ...

So, what is the main point here? If you are able to identify the important things in your life ahead of time and set aside the time you need to work on them, then in the long run it is ok to procrastinate a bit on the "pebbles" or the other projects that are not as important.. The jar is still full with five rocks in it, so that is where your focus should lie in order to continue to live a ...

The Rock, Pebbles, and Sand Analogy for Time Management

Comment by Wimbleton Of course he sees through Stealth. Wouldn't be any fun if you could use your abilities. I found I always got caught (3 characters) sneaking around his right side (counterclockwise) but never doing the opposite (clockwise).
