Wi-Fi / WiFi is fairly ubiquitous, although some options require you to sign up ahead of time. Also, bring your phone charger out. Between checking your map (works better with WiFi ON, even if you're not connected to a network) taking photos, and trying to find WiFi, your battery will die. Thankfully you can look for outlets near the street, then squat-n-charge for a bit.

There is something innately profound and inherently calming about Asian design with Oriental overtones in large and Japanese design and architecture in particular. Maybe it is the influence of the regions philosophical outlook towards life that has shaped its style and design principles for several centuries or it could be a combination of their lifestyle that is deeply connected with nature ...

War is a state of armed conflict between states, governments, societies and informal paramilitary groups, such as mercenaries, insurgents and militias. It is generally characterized by extreme violence, aggression, destruction, and mortality, using regular or irregular military forces. Warfare refers to the common activities and characteristics of types of war, or of wars in general.

My cabinet-making collaborator, Mike Spurlock, wanted a simple system for his beach cabin. "That's not too hard, Mike, you just build this," I said, drawing a simple picture of a transmission-line using a 5.5" Vifa midbass driver and a 1" Scan-Speak soft-dome tweeter.

In the first part of this series, I discussed Allan Schore's video about early neurological damage resulting from failures in the attachment relationship between mother and baby. In the second part, I used Schore's research to help explain why our defense mechanisms are so tenacious, and why authentic change is difficult and rare. I'd now like to conclude with my personal, somewhat ...

hey man there's a hole in my head where information goes. I. 1 And the whole earth was of one language and of one speech.. 2 And it came to pass, as they journeyed east, that they found a plain in the land of Shinar; and they dwelt there.. 3 And they said one to another: 'Come, let us make brick, and burn them thoroughly.' And they had brick for stone, and slime had they for mortar.

In a series of studies supported by The Life You Can Save, Chris McVey and I have been showing research participants (mTurk workers) philosophical arguments for charitable giving. Other participants read narratives about children who were helped by charitable donations or (as a control condition) they read a middle-school physics textbook discussion of energy.
